YEAR 10 - GCSE Art – Milestone 3 Intention & Design

TOPIC OVERVIEW:

Moving on from our in-depth artist research phase we will begin to personalise our projects into journeys that interest and engage us as individual artists. We will reflect on our projects to date and create a statement of intent that explains our intentions moving forward reflecting on what we will draw inspiration from, what media we will test, what colour ways we will explore and what scales and methods we will trial. We will produce sketch designs which will show visually through planning, the pieces we intend to make.

Your previous studies in KS3 art will support your learning in this topic as you have had opportunities to plan and design your own experiments . You have a clear understanding of how to compose pages and develop ideas in response to artists effectively.

This study will also come in useful when you move onto unit 2 - the externally set task when you will select, plan and design in response to the question you select.
